

STEM SUMMER SUBSCRIPTION BOXES - \$7,500

Sponsor a Summer of STEM for Cleveland Area Students

Help bring the excitement of STEM learning home to Cleveland Metropolitan School District (CMSD) and other Cleveland area elementary and middle school students with **STEM Summer Subscription Boxes!**

Each of the three boxes is packed with hands-on, age-appropriate activities that spark curiosity, build problem-solving skills, and connect science, technology, engineering, and math to the real world.

Also included is your logo and a customized message from you.

A special offer for an added cost, includes a customized box option with specific content to further highlight your business or goals.

NEOSTEM will deliver these engaging boxes before the end of the school year, ensuring every student heads into summer with the tools and inspiration to keep learning, exploring, and dreaming big. With your support, we can make STEM fun, accessible, and empowering for students across Cleveland. Let's build the future—one box at a time!

Your investment will provide a total of 185 underserved students with STEM activity boxes that include hours of hands on activities..

Teach students about data analytics, light sensors, and the basics around heart rate and health with the box **Track It Like a Pro - My Heartbeat & Me**. The box might include equipment to measure heart rate, booklets to track data collection, and career exploration cards.
